We welcome youth groups from churches, schools, sports teams, beta clubs, civic organizations and others, and ask that there be one adult volunteer for every five youth participating in your group.

All tools, materials and instruction will be provided by adult leaders of Square Foot Ministry and RiverLife. The youth teams will be provided breakfast and lunch each day and an IMPACT T-shirt. We ask for a \$20 signup fee for each youth participant (no charge for adult volunteers).

Clothing should be appropriate for a construction site or other job that could be dirty and messy. Close-toe shoe are required. Hat and sunscreen recommended, and we ask each group to bring a cooler or two filled with ice. SFM will provide bottled water.
